

BXT2-25/32

Battery Powered Combination Tool for Polyester Strapping

Heavy-duty design for 1" and 1-1/4" polyester strapping applications

Easy operation

- Simple two-button operation
- High speed take-up

Versatile design

- Standard and low tension adjustment
- Manual, semiautomatic or automatic operation
- Optional suspension bracket for stationary applications

Low maintenance

- Brushless motor for less wear and longer life
- Lithium-ion technology provides increased battery life

Specifications

Strapping: For use with 1" and 1-1/4" (25 mm, 32 mm) polyester strapping

Tension rating:
Standard tension: 560 to 1460 lbs (2490–6494 N)
Low tension: 225 to 1125 lbs (1000–5004 N)

Weight: 14.3 lbs (6.5 kg)

Charger and battery included
